For I know the plans I have for you,” declares the Lord, “plans to prosper you and not to harm you, plans to give you hope and a future. Then you will call upon me and come and pray to me, and I will listen to you. You will seek me and find me when you seek me with all your heart.

Our mission.

The purpose of Dallas Baptist University is to provide Christ-centered quality higher education in the arts, sciences, and professional studies at both the undergraduate and graduate levels to traditional age and adult students in order to produce servant leaders who have the ability to integrate faith and learning through their respective callings.

Our vision.

More than 100 years ago, Dallas Baptist University was founded because of the vision and faith of a handful of Texans. Today, DBU is a multi-faceted, thriving institution that is influential in changing the lives of adult students, both academically and spiritually.

The original institution was founded in 1989 as Decatur Baptist College, the first two-year institution of higher education in Texas. The institution established a great tradition and in 1965 was moved to southwest Dallas on 100 acres of donated land overlooking Mountain Creek Lake. Beginning with the fall semester of 1968, the college moved from junior college status to senior college status and in 1985 was renamed Dallas Baptist University after achieving university status.

DBU is a comprehensive liberal arts university with a vibrant commitment to the adult student. In 1974, DBU established its College of Adult Education, the oldest and most respected degree completion program in Texas. Since then, DBU has helped thousands of adult learners obtain a bachelor's degree and move closer to realizing their career, life, and spiritual goals. We invite you to join us — and we look forward to helping you make your academic vision a reality.

Integrating Faith: the DBU difference.

A Christ-centered commitment and spiritual values make DBU different from many universities.

While asserting our Christian foundation, our faculty go one step further to ensure our students are able to integrate faith and learning. Our commitment to Christ-centered scholarship uniquely blends academic learning with Biblical faith to enrich the education experience of every student and enhance spiritual development.

As a comprehensive liberal arts university, we recognize the value of an education that includes an expansive view of the arts and sciences. At the same time we understand our underlying purpose — to help our students become servant leaders for Christ, prepared for any career, any calling, or any mission.

Trust in the Lord with all your heart and lean not on your own understanding; In all your ways acknowledge Him, and He will direct your paths. Proverbs 3:5-6

You have educational goals.
You're an adult. Working full time. Perhaps with children. Though life may be complicated, you want to get your bachelor's degree. Chances are, you already have some college behind you, though it may have been years since you attended school. You’ve thought about it before, but now the time seems right. You’re finally ready to make it happen.

At DBU, we're ready to help you achieve your academic goals. We understand that going back to school is a challenge for the working adult. It means juggling career demands, family time, academic studies, community and church involvement, and other obligations. It means commitment. It means finding the right university to meet you right where you are. Right now.

That's why DBU created the College of Adult Education almost 30 years ago to meet the special needs of adult learners... like you.

You need choices and life balance.
In the Dallas-Fort Worth area, there are a number of colleges from which to choose. When it comes to helping you as an adult learner, DBU understands the needs you have, the challenges you face, and the balance you want.

For example, it's so important to have choices that allow you to build a customized degree program and a semester schedule that fits your life. Not only do you need to balance school, work, and family time, you want to grow personally and spiritually as well as academically. Your education is more than a diploma — you want proven educational quality that makes your experience fulfilling.

DBU understands that you want an academic relationship that supports your specialized needs through every step of your degree pursuit.

We’re ready to help.
DBU can help you take those first steps toward getting your bachelor’s degree. Just as we’ve helped thousands of adults achieve their educational goals, we can help you attain your degree, realize your personal dreams, and enhance your spiritual growth.

What does **Quality** mean to the adult student?

While for younger students quality means on-campus culture or extracurricular fun, to the mature adult it means something different — much different. For example, we know that you value a reputable, accredited institution that’s well-respected academically. You want an enjoyable and challenging classroom experience as well as strong faculty involvement and expertise. Finally, the spiritual values a university upholds are an important factor as well.

At DBU, we understand quality from the adult student perspective. As a fully accredited four-year liberal arts university, our faculty is known for their academic excellence, and appreciated for their personal approach. Class size is small to encourage discussion and interaction. Learning resources are comprehensive and include physical libraries, computer labs, research collections, and extensive online e-libraries and database links.

But there’s more. Adults who choose DBU are drawn to its quality Christ-centered environment where faith and learning are integrated into every class. The opportunity to study academic disciplines within a biblical framework is exciting.

At DBU, we recognize the special requirements of the mature student and have developed dynamic solutions to offer maximum flexibility and balance. That’s quality in action.

Flexibility means more than just choices of class times.

To the adult learner, flexibility is not an option — it’s a requirement. As a busy adult dealing with family, work, church, community and other obligations, flexibility needs to be a part of every step you take — from degree program and weekday options, to online classes and semester opportunities.

Flexibility is not just needed for course scheduling. It’s necessary in the enrollment process, too. We recognize you need to know your options when it comes to transferring hours, considering the experiential learning program, reviewing tuition reimbursement, or deciding on financing alternatives.

At DBU, we developed the Adult Education Program for maximum flexibility because we understand the distinctive needs of adult students. We offer a variety of class locations — on campus, online, or at corporate sites across the metroplex. Classes are available not only in a standard semester format, but in weekend, one-week, two-week, five-week and ten-week options. We offer 17 degree programs with the opportunity to complete several degrees entirely online. Additionally, we offer credit for experiential learning that enables you to obtain course credits for college-level learning gained through work, volunteer, or other activities. Educational flexibility is a necessity for adult learners. DBU is ready to help you understand your options and customize a program that’s right for you.

Making Experience Count.

Credit for Experiential Learning
Gain up to 30 credit hours for college-level learning you’ve achieved from life and work experiences by creating an academic portfolio.

Tuition Reimbursement
If you’re employed by a company that offers tuition reimbursement, DBU will work with you to develop an appropriate payment plan and defer billing.

Transfer of Hours
Transfer an unlimited number of hours from regionally accredited four-year institutions, or up to 66 hours from regionally accredited two-year colleges.

Degree Choices
DBU offers 17 degree options, and a variety of degrees can be completed online.

Semester Options
From one-week classes to the traditional semester schedule, DBU offers 29 different term options with day, evening, weekend, or online class choices.

Location Alternatives
For your convenience, DBU offers classes at its main campus, the DBU-North Dallas Center, at several local churches, online, or at corporate sites across the metroplex.

Payment Plans
Take advantage of payment plans, loans, or credit financing programs to make your educational goal a reality.

My full-time work in law enforcement is demanding. But with DBU’s semester option flexibility, I can enroll in online, Saturday and mini-term courses. I still have time for my family, myself, and work.

At DBU, we give you the opportunity to gain up to 30 credit hours for college-level learning you’ve achieved through life and work experiences. If you have four years of significant work experience and are 25 or older, the Portfolio Degree Program can be the starting point for your academic degree. The formal portfolio class takes you through the process of developing a comprehensive written academic portfolio that describes in detail the college-level learning and competencies you achieved experientially.

Your completed portfolio will include a full student profile section; individual course petitions (requests to the University to grant college credit for specific courses); and documentation demonstrating your competency. Is it demanding? Yes — and rewarding, too. The DBU Portfolio Degree Program is a great way to accelerate your academic pace by gaining credit hours for what you’ve learned through your work and life experiences.

How long will it take to finish my degree?

At DBU, it’s up to you! While you might typically take six or nine credit hours during a traditional term (Fall, Spring, Summer), our condensed term options enable you to schedule classes in a concurrent, overlapping, or linear fashion. For example, you could take up to 36 hours in a year — through a variety of semester and term alternatives. Your advisor can help you determine the pace that’s right for you.

Balance can be difficult to achieve for the older student.

Balance means that your life has a sense of stability and consistency. You have time for the important things, and you don’t feel like the candle of your life is burning at both ends.

When mature adults return to school, balance can seem an elusive goal. The excitement of realizing an academic dream can be dampened by worries about coping with work, family, and classroom demands.

At DBU, we understand the two realities you face and how exciting and stressful it can be. That’s why we’re ready to help you create a plan of achievement that’s right for you. Our enrollment counselors will seek to lovingly shepherd you through your college experience. In DBU professors, you will find a caring spirit and a willingness to be there for you, to give you individualized attention, and to support your academic goals, as well as offer advice on career decisions. Dallas Baptist University values teaching excellence and prides itself in providing you with a classroom experience that is led by professionally qualified faculty members - 100% of our classes are taught by Christian faculty members.

Going back to school is an exciting time and the opportunity to learn and grow is personally fulfilling. DBU is committed to helping you achieve the academic balance you need to reach your goals.

the balance benefit...

The Online Connection.

Taking courses online can be a great option for the adult student, and DBU offers individual classes and fully accredited degree programs via the Internet. Using the latest Internet technologies, students and faculty members converse through discussion threads, emails, and group chat rooms making these online classes a dynamic, interactive and collaborative environment.

DBU offers an extensive selection of individual online courses. What’s more, we offer a variety degree programs online — from start to finish. If you have the organizational skills and the self-discipline, our online courses are for you.

Time and Location Options
Because we offer a variety of semester, time-of-day, and location options, you can balance your schedule and time commitments with ease.

Pacing of Courses
With so many term options, you have the opportunity to set the pace you can maintain — and change it when needed to accommodate your schedule.

Personal Enrichment
The educational process is about life enrichment as well as degree goals. Our teaching style and course offerings can help you achieve personal growth and spiritual fulfillment.

Education vs. Work
Juggling work and school is a challenge for all adult students. At DBU, we help you find the right balance through our flexible scheduling options.

Personal Support
Our academic advisors are trained to give you on-the-spot assistance and guide you through the academic, admissions, or other service processes.

Balancing Commitments
Because we understand that adult students balance overlapping obligations, we help you design a program that simplifies your schedule.

Spiritual Focus
We help you achieve meaningful success by providing a strong spiritual foundation on which to balance your career goals.

How can I know that I’m making the right academic – and life – choices?

Making an educational commitment is a major life decision. At DBU, we understand how overwhelming it can be and are ready to help you work through your questions and concerns. Our professional staff is dedicated and attentive, ready to give you the personal counsel and encouragement you need to understand your choices and select the options that are right for you.

“Returning to school after a ten-year hiatus was a bit intimidating. The counselors at DBU gave me the encouragement and guidance I needed to strike the right balance while taking my first steps on the road to achieving my degree.”

DBU offers two ways for adult students to achieve their desired academic degree.

- **The Portfolio Degree Program** is designed for adult students who have gained college-level knowledge from work and life experiences. In the Adult Education program, all students start with the same three-hour credit course — CAED 3301: Lifelong Learning for Adult Students. The purpose of the CAED 3301 class is to lay the foundation for the adult degree program. It will explore major value systems — worldviews, current student issues, and the philosophy of Christian higher education; examine personal career goals; and introduce the concept of servant leadership.

  CAED 3303: Experiential Learning takes students through the process of developing a comprehensive written academic portfolio that can result in obtaining as many as 30 credit hours for the college-level learning they achieved experientially. The completed portfolio includes a student profile section, individual course petitions (requests to the University to grant college credit for specific courses), and documentation demonstrating competency. Students are not charged tuition for the hours earned through the portfolio process, only for the portfolio class itself and a one-time evaluation and transcription fee.

  If you are over 25 years old with more than four years of significant work experience, the Portfolio Degree Program enables you to maximize your experience and accelerate the rate at which you achieve your degree. Typically, the portfolio hours satisfy elective requirements.

- **The Inverted Degree Program** was created for adult students who have completed at least 24 hours of technical or occupational studies. As the name suggests, the student has specialized in a subject the first two years, and now must complete the remaining general studies and major core requirements during the last two years of study.

  In the Inverted Degree Program, students also start with CAED 3301: Lifelong Learning for Adult Students. The completion of an academic portfolio is not required for inverted degree students, and they are not required to fulfill the minimum requirement of 42 hours of upper-level credit.

**THE WEEKEND COLLEGE**

*DBU’s Weekend College provides classes on Friday evenings and on Saturdays. It offers a viable opportunity for academic and professional development to those students who find it difficult to attend college in a traditional time frame. Through the Weekend College, students can take their Portfolio or Inverted Degree classes. The Weekend College also offers some alternating weekend courses and four-weekend course offerings. Business Administration or Management majors can be completed entirely on weekends.*

**Gaining additional college credit**

In addition to college credit for experiential learning through the Portfolio Degree Program, DBU enables you to earn college credit through two other methods.

- **Credit by Examination**
  
  College credit can be earned in specific subject areas through satisfactory completion of College Level Examination Program (CLEP) exams and/or by satisfactory scores on tests administered by individual university departments.

- **Military or Corporate Training**
  
  Military or corporate training that has been recognized by the American Council of Education (ACE) is another avenue for earning college credit toward completion of an adult education degree.
Adult Student Services
DBU makes it easy for busy adult students to find a convenient time to attend information sessions, schedule meetings with academic advisors, or complete the enrollment process at either the main campus or the DBU-North Dallas Center.

- Extended office hours — open until 6:00 p.m. on Monday and Tuesday evenings
- Full Service Saturdays — open from 9:00 a.m. to 1:00 p.m. on the second Saturday of each month
- Personalized academic counseling
- Online enrollment, payment options and textbook ordering

Financial Aid
At DBU, many students take advantage of financial aid programs to make their educational goals a reality. Financial aid is available in two forms:

**Gift Aid (does not have to be repaid)**
- Church matching gift programs and Corporate reimbursement programs

**Self Aid (must be repaid)**
- Credit Financing, Payment Plans and Student Loans

The primary sources that provide loans to our students are the federal government, local lending institutions, and DBU through its payment plans. Financing your college education can be a challenge, but DBU is ready to help make it easier for you. Our friendly, qualified financial aid specialists will be happy to work with you.

Transferring Hours
At DBU, you can transfer an unlimited number of hours from regionally accredited four-year institutions, or up to 66 hours from regionally accredited two-year colleges. (No course with a grade of “D” or “F” will be accepted in transfer.) Please recognize that academic advising is unofficial until an official transcript evaluation form and official degree plan have been approved by the Registrar’s Office. Additionally, other guidelines may apply — please contact us or visit our Web site at www.dbu.edu for more information.

Graduation Requirements

- Complete a minimum of 126 credit hours
- Complete 30 of your last 36 hours at DBU
- Complete 32 hours in residence at DBU
- Fulfill a minimum of 42 upper-level hours (waived for inverted degree students)

Getting Started

1. Complete the admissions application form.
2. Submit a non-refundable $25 application fee made payable to DBU.
3. Write and submit a 250-word essay ( typewritten) explaining why you want to attend DBU.
4. Submit official transcripts from all colleges previously attended.
5. If you have completed less than 30 hours of college credit, you must obtain and submit your official high school transcript including the official seal of the school, or your official GED scores.
6. If you are less than 25 years of age on the first day of classes and are transferring in less than 30 hours of previous college credit, you are required to submit ACT or SAT scores.

**NOTE:** Applicants must have a minimum grade point average of 2.0 on all previous college work or a score of 21 or higher on the ACT or 1000 or higher on the SAT.
"For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future. Then you will call upon me and come and pray to me, and I will listen to you. You will seek me and find me when you seek me with all your heart."

Jeremiah 29:11-13
